Jennifer Sucevic : One Night Stand (Barnett Bulldogs Book 3) before purchasing it in order to gauge whether or not it would be worth my time, and all praised One Night Stand (Barnett Bulldogs Book 3):

1 of 1 people found the following review helpful. Age Truly is Nothing But a Number! By Allison Michaels As a fan of the Barnett Bulldogs series, I couldn't wait for this book to release! The author did a fantastic job of piquing my interest about Liam Garrison in Friend Zoned, and I eagerly looked forward to reading his story. I suspected it would run much deeper than the ink on his body, and I was right. From a distance, Liam seems to have it all—looks, athleticism, good grades, and a never-ending line of girls willing to warm his bed. What no one sees, however, is the staggering weight of responsibility he carries on his broad shoulders. His family's dire financial situation is a secret he keeps a tight lid on while focusing on preparing for the upcoming NFL draft. All he has to do is sign with a team to keep a roof over their heads after his father's latest lapse in judgment threatens to put them into foreclosure. While blowing off steam with teammates at a campus watering hole, a beautiful woman catches his attention. Intrigued by the fact that she seems out of place in the dive bar, he unleashes his charm (and dimples) to persuade her to go home with him. Gia Monroe never expected to hook up with anyone when she agreed to watch her younger brother's band perform at a dingy bar she'd normally never set foot in. Still recovering from the breakup with her boyfriend of three years, she decides to throw caution to the wind and allow herself one night of much-needed pleasure with the tatted, muscular bad boy even though he's still a college student and she's pushing thirty. What follows is the kind of rambunctious, passionate sex she never experienced with her ex. Although part of her wants a repeat performance, she clings to the anonymity they agreed on beforehand and sneaks away before Liam awakes the following morning. It isn't long before fate intervenes when Liam and a teammate find themselves in Gia's second-grade classroom to speak to her students about the importance of sports and teamwork. He's delighted to see the woman he can't get out of his mind despite his best efforts. She, on the other hand, is mortified. When he asks to see her again, she sticks to her guns and turns him down, citing both their age difference and prior agreement to limit their interaction to a one-night stand. In a series of romantic and thoughtful gestures, Liam convinces Gia to go out on a date with him. She's still hung up on the age gap between them, but can't deny their chemistry. In the days that follow, she learns that age truly is nothing but a number as she witnesses firsthand how Liam's responsibilities are anything but boyish or childlike. Her respect grows, as do her feelings for the young man who'll do everything he can to keep his family safe and sound. As with the first two books in the series, Ms. Sucevic's writing painted a vivid picture of each scene that enabled me to become immersed in the story. Her talent is boundless and becomes more evident with each new book she releases. If you haven't already read King of Campus and Friend Zoned, I highly suggest you do it as both stories are unique and satisfying. I think we can expect many more stories from this prolific author. 3 of 3 people found the following review helpful. A little disappointing By Sandy I am a fan of Jennifer's stories and was excitedly to read this story.....really

liked Liam as a character but Gia not so much...and the twist with Tyler made her even more annoying and unbelievable....I think they spent more time apart than together and after all the back and forth felt like he was better off without her!0 of 0 people found the following review helpful. Very good readBy Kindle CustomerEnjoyed this author and her flavor of amazing storytelling. Characters made me think that you really can be very different and yet, emotions can pull at those pesky heartstrings. Definitely recommend this story. It was easy, flowed beautifully and made me smile.

From USA Today bestselling author Jennifer Sucevic comes the third standalone novel in the Barnett Bulldogs series- One Night Stand. Liam- The moment she stepped foot through the door, she was on my radar. How could she not be? The woman is absolutely gorgeous. Thick inky black hair and a sweetly curved body. Although I have to admit, this hole-in-the-wall dive bar doesn't exactly seem like her scene. For one, she's wearing too much in the way of clothing. Two, she's shooting down every guy that sniffs around her table like it's her sole mission in life. Casualties are scattered across the beer stained floor as we speak. And three, my guess is that she's a little older than the usual college aged crowd that hangs here looking for a hook up to stumble home with at the end of the night. So, after a careful assessment of the situation, my current plan of action is to keep my sights firmly locked on the target as I bide my sweet time nursing a beer. Luckily, it doesn't take long for some drunken idiot to give me the perfect opportunity to step in and run interference. Gia- The moment he slides his thick muscular arm around my body and pretends to be my boyfriend, I know I'm in trouble. But inviting the guy I can't shake loose home with us for a threesome? Yep, I'm done for. Especially when the guy in question, the one who just can't seem to take no for an answer, all but sprints away as if the hounds of hell are nipping at his heels. A handsome face, ripped muscles, and colorful ink decorating your arms will get you a second look. Being sexy, funny, and intuitive are what end up sealing the deal. He wants to buy me a drink. I'm tempted to let him. My insides are pinging like crazy right now and I can't remember the last time that happened. But he's young. Too young. If I were smart, I'd walk away and forget about him... but I just can't bring myself to do that. Which is exactly how I end up in his bed at the end of the night with him doing the most delightfully wicked- erhellip; sorry, I'm not really one to kiss and tell. Three orgasms later and I'm sneaking out of his apartment at the crack of dawn. I know that I'm never going to see him again because this was strictly a onetime deal. We agreed. But you know what they say about best laid planshellip; They never quite work out the way you expect them to. *This is a mature New Adult novel with strong language and sexual situations intended for readers over the age of 18*
